

DONOR REPORT

2018 - 2019 Southeast College

President & CEO's Message

In 2018-19, Southeast College students benefited from more than \$191,000 in scholarships and bursaries. Each year we are amazed and thankful for the generosity of each and every donor that recognizes the importance and value of these awards.

In March, we hosted our inaugural "Greek Feast". This lively event played host to over 100 supporters, boasted a delicious Greek inspired meal and entertaining performances from a Greek dance group. The evening rounded out with the traditional smashing of the plates! The evening raised over \$8,000 for a new Health Studies Fund that will help to support students pursuing post-secondary training in health care related programs at Southeast College. We are looking forward to making this an annual event.

Our "Fueling the Future" initiative continues to build meaningful industry

partnerships and raise valuable scholarship funds for students. Fueling the Future is a very flexible program for industry partners who wish to support post-secondary students by providing financial support as well as opportunities to participate in classroom presentations, work placements, mentorships and facility tours. We will continue to explore partnerships that align with labour market demand and post-secondary opportunities in Saskatchewan.

As we move through our next academic year, our commitment to our students and their education remains unchanged. We will continue to seek new scholarship partnerships, be innovative in the way we award our scholarships and bursaries and we will continue to be grateful to all of our contributors both large and small. Thank you for your continued support.

Bonnie Dempsey
Interim President & CEO,
Southeast College

In 2018-2019
Southeast
College students
received a total
of \$191,335 in
scholarships and
bursaries
