## 2025-2026

# ABOUT SOUTHEAST COLLEGE

Our college has a proud history of adaptation and responsiveness to the people and communities of southeast Saskatchewan. During the first 50 years, the commitment to the founding principles of “community based” technological, trading, and global trends have revolutionized the way we live, work, play and learn. These trends are leading to the global village (community), continuous education and training throughout our lives, the expectation of several careers, the learning organization and the learning community, the global information network and resource center, the electronic worldwide classroom, rural reorganization, new larger rural communities.

The Southeast College Advantage involves:

- Hands-On Training: Emphasis on practical, career-oriented education, especially in trades and technology.
- Student Support: Enhanced support services to help students succeed academically and personally.
- Small Class Sizes: This ensures personalized instruction and better interaction with instructors.
- Scholarships and Financial Aid: Numerous scholarships and financial aid options are available to support students financially.
- Convenient Locations: Campuses in six communities throughout Saskatchewan, making it easier for students to study close to home.

# Indigenous Students

At Southeast College, we want you to **experience success!**

**Relationships** with our students is important to us at Southeast College.

Smaller class size ensures that the instructor gets to know the students and can offer plenty of **support**.

Southeast College provides **Student Advisors** to assist in Career Planning and **support for when 'life stuff' crops up,** so that you can make the best plan to achieve your goals.

Trust and a sense of belonging is so important. In a small group classroom, you will get to know other students and feel right at home.

Speaking of at home, Southeast College provides educational services to ten Nations and three Metis Locals. Some of our **classes are based on Nation.**

Whether you are interested in Early Childhood Education, completing your Grade 12, thinking of going into Nursing or becoming a Trades person, **Southeast College has something to offer you.**

In the Fall of 2023 Southeast College hired an **Indigenous Initiatives Coordinator.** This role assists the College and Nation communities to work together to expand opportunities and positive outcomes for students. The Indigenous Initiatives Coordinator also works to **make students aware of Indigenous initiatives.**

## Alumni Message

I had the pleasure of taking the Office Administration Certificate program at Southeast College during the 2011-2012 academic year. The comprehensive curriculum and supportive faculty provided me with a solid foundation in office management and administrative skills. The hands-on learning approach and real-world applications truly prepared me for the professional world. Upon graduation, I was able to secure full-time employment as an Accounting Clerk for a large private sector in the oil industry.

In 2021, I returned to Southeast College to utilize the resource room for Continued Education. This invaluable resource allowed me to work towards my Business Diploma, providing access to study materials, a quiet study environment, and support from knowledgeable staff. The resource room was instrumental in helping me achieve my educational goals.

In 2022, I was thrilled to be hired at Southeast College as a One-Stop Associate. This role allowed me to assist students with various administrative needs and provided me with a deeper understanding of the college's operations. Shortly after, I advanced to the position of Student Advisor. In this role, I continue to grow both personally and professionally, guiding students through their educational journeys and helping them achieve their goals.

Southeast College has been a significant part of my educational and professional development. The opportunities and support I received have been invaluable, and I am grateful to be part of such a wonderful institution.

**- Jill Ruep**

# POST-SECONDARY PROGRAMS

Southeast College offers a wide range of post secondary programming options. From first year University courses, to Technical and Trades programming, we provide students with opportunities to further their education through both face-to-face and distance learning options.

## Business Diploma in Management

Business encompasses many disciplines. The Business Diploma program prepares you for a wide variety of positions. The program provides a solid foundation of the major business concepts and principles for careers in accounting, marketing, management, human resources, insurance, finance and entrepreneurship.

Graduates from the Business Diploma program may find employment in banking, retail, human resources, insurance, marketing and more. Entry-level positions include management trainees, administrative assistants, financial officers and sales representatives.

**Admission Requirements**

- Grade 12 or successful completion of three (3) courses of at least 3 credit units each from this Business certificate program or the Business diploma (Year 1) program.
- English Language Requirement
- Computer experience using a Windows application is recommended

Weyburn | Sept 2025 - May 2027

2 Years | Tuition/Fees: $5655 Materials: $2000

## Continuing Care Assistant Certificate

As a CCA, you'll work directly with clients in long term care, home care, assisted living, some areas in acute care and even special needs classrooms. You'll help them with mobility, personal care, assisting them to eat their meals and medication monitoring. Combines hands-on classroom learning with practical clinical experience. Practicums provide direct experience in home care, long-term care, special care and acute care settings.

**Admission Requirements**

- Grade 12 or successful completion of fifteen (15) post-secondary credits from a recognized institution or ACCUPLACER
- English Language Requirement
- Standard First Aid/CPR C/AED is required prior to the start of the program and must be current to the year of the program

32 Weeks | Tuition/Fees: $5945 Materials: $1300

Starting Dates:
Estevan: Sept 2025
Weyburn: Feb 2025 | Sept 2025
Whitewood: Sept 2025
Assiniboia: Sept 2025

## Practical Nursing Diploma

Licensed practical nurses are a vital part of today's health care team—in acute hospital care, long-term care, and in the community. You provide compassionate, professional nursing care to individuals throughout the human lifespan; infants to seniors. In just two years, we'll help you develop into a competent, confident nurse capable of making a positive difference in the health and well-being of individuals, their families, and our communities. Onsite labs and community-based clinical experiences let you apply nursing knowledge, theory, and skills in a variety of environments. Our experienced faculty help you grow into a competent, confident nurse capable of bringing a holistic, humanistic approach to patient care.

**Admission Requirements**

- Grade 12 with a minimum overall average of 65% in the following five subjects:
  - English Language Arts A30
  - English Language Arts B30
  - Foundations of Math 30 OR Pre-calculus 30 OR Workplace and Apprenticeship Math 30 (Previous Saskatchewan mathematics requirement also accepted: Math A30, Math B30, Math C30, Calculus 30, or General Math 30)
  - One of Biology 30, Chemistry 30 or Physics 30
  - One of Social Studies 30, History 30 or Native Studies 30
- English Language Requirement
- Southeast College is not accepting applications for International Students for this program at this time
- Applications will close on March 14, 2025 at 4:30 PM.

Weyburn | Fall 2025 - Spring 2027

2 Years | Tuition/Fees: $7790 Materials: $3760

## Primary Care Paramedic Certificate - Part Time

Being a paramedic is all about teamwork. There's a sense of camaraderie you won't find in many other jobs. But it takes a special kind of person. You have to want to help people because you'll be attending to people of all ages in all kinds of crises. You have to work well under pressure because you'll be delivering pre-hospital emergency care in people's homes, in the middle of busy streets, and/or at industrial sites. Our program emphasizes authentic hands-on training in prehospital emergency care, with both hospital and ambulance practicums.

**Admission Requirements**

- Grade 12 with a minimum overall average of 60% in the following four courses: English Language Arts A30, English Language Arts B30, one of Biology 30 or Chemistry 30, and one of Workplace and Apprenticeship Math 30 or Foundations of Math 30 or Pre-Calculus 30. (Previous Saskatchewan mathematics Math A30 will also be accepted).
- English Language Requirement
- Standard First Aid/CPR C/AED is required prior to the start of the program and must be current to the year of the program.
- Southeast College is not accepting applications for International Students for this program at this time

Weyburn | Fall 2025 - Fall 2028

2.5 Years | Tuition/Fees: TBD Materials: TBD

Southeast College reserves the right to alter programming at any time. Although we've made every effort to ensure accuracy, the Program Guide may still include errors or omissions.

# University of Saskatchewan Bachelor of Nursing - Pre Professional Year 1

At Southeast College, we offer the opportunity to complete the Bachelor of Nursing pre-professional year at our Weyburn Campus. For the pre-professional year, students will need to apply through the University of Saskatchewan's College of Arts and Science and complete the 30 credit units of courses required for year 1 of the degree program. Students completing the pre-professional year can apply to USask Nursing to continue towards the full nursing degree at a number of sites across the province, including Southeast College Weyburn Campus. For any pre-professional students who do not pursue Nursing, the Arts and Science credits can be used towards a number of other degree programs at USask in Saskatoon, Prince Albert or various online options. Please speak with an advisor.

The pre-professional year of study at a post-secondary level provides a solid foundation in university education, preparation for upper-year nursing classes and transferable credits to other health science degrees.

NEW for 2024/2025, the University of Saskatchewan (USask) College of Nursing is offering early admission for the fall 2025 Bachelor of Science in Nursing (BSN) intake. These early admission seats are available across the province at all campuses and distributed sites, including Southeast College Weyburn Campus. Early admission will use the same eligibility and selection criteria as regular admission to the BSN program, spots will be competitive, and students must apply to USask by December 15, 2024. If a student chooses not to apply for early admission, the regular admission deadline of March 31, 2025 still applies. For more information, please visit USask Admissions.

**High School Prerequisites**

To enroll in courses required in the pre-professional year, students must have completed high school with credit in the following courses:

- English A30 and B30
- Biology 30
- Chemistry 30 (recommended) and
- Foundations of Math 30; or Pre-Calculus 30 or Math B30 or Math C30 (recommended)

**NEW Early Admission for Bachelor of Science in Nursing**

University of Saskatchewan College of Nursing nursing.usask.ca

## Mental Health and Addictions Counselling Diploma

Mental Heath and Addictions workers are a vital part of the health care team. Graduates from the Mental Health and Addictions Counselling Diploma program will bring their new knowledge in the specialty to communities across the province and be able to confidently assist with the growing addictions crisis.

Graduates of our program make a difference for clients in a variety of settings including:

- inpatient and residential treatment
- intensive day-patient and outpatient
- community mental health and addiction services (integrated outreach services)
- indigenous treatment centres
- mental health crisis teams
- emergency departments
- rapid access to addiction medicine clinics (RAAM) and a variety of multidisciplinary teams

**Admission Requirements**

- Grade 12 with English Language Arts A30 and English Language Arts B30
- English Language Requirement
- Current certification in some courses must be provided prior to starting semester 2 of the program. Please check website for details.
- Criminal Record Check and Vulnerable Sector Search prior to commencement of the program
- Current immunization records

Estevan | YR 1 Fall 2025 - Spring 2026
2 Years | Tuition/Fees: $7214 Materials: $900

## Welding Applied Certificate

Do you want to prepare yourself for a career in welding?

This 20-week enhanced program is based on Level 1 Apprenticeship Training. As a graduate and after you become an apprentice, you can apply to the Saskatchewan Apprenticeship and Trade Commission for credit for Level 1 Welding training.

Southeast College will be delivering the Welding Applied Certificate program in a blended delivery format (a complimentary mix of both virtual and in class instruction). Students will need to have access to a computer and internet. Please contact us at 1-866-999-7372 for more information

Graduates may find employment in refineries, construction, pulp and paper mills, manufacturing or processing plants, mines or repair shops.

**Admission Requirements**

- Grade 10
- English Language Requirement
- Southeast College is not accepting applications for International Students for this program at this time

Estevan | January - June 2025 January - June 2026
16 Weeks | Tuition/Fees: $3765 Materials: $927

*Tuition and mandatory fees are subject to change without notice.

## Plumbing and Pipefitting Applied Certificate

Fast track your career in the skilled trades with Southeast College's 16-week applied certificate program. Plumbers install, replace and maintain water and sewage systems in residential, commercial and industrial buildings. Many are also licensed gas fitters.

The Plumbing and Pipefitting program provides the knowledge and skills you need for an entry level job. Your learning is practical and hands-on – and includes a two-week job placement that lets you test your skills in the real world.

Applied certificate programs can give you a head-start on apprenticeship. To learn how to apply academic credit toward Level 1 of the Plumber apprenticeship program, contact the Saskatchewan Apprenticeship and Trade Certification Commission (SATCC).

**Admission Requirements**

- Grade 11 or Accuplacer Testing
- English Language Requirement
- Southeast College is not accepting applications for International Students for this program at this time

Estevan

January - June 2025
January - June 2026

16 Weeks

Tuition/Fees: $2993
Materials: $927

## Heavy Equipment Truck & Transport Technician Certificate

The 36-week Heavy Equipment & Truck & Transport Technician Certificate program gives you basic training in two high-demand mechanical trades at the same time. Heavy Duty equipment technicians work on large mobile equipment – bulldozers, cranes, graders, loaders, & earthmovers used in construction, mining, forestry, & more. Truck & Transport mechanics work on trucks, buses, & highway transport vehicles for dealers, garages & transportation companies. Trade time and academic credit may be available for graduates who find employment in the trade and register as apprentices. Please contact the Saskatchewan Apprenticeship and Trade Certification Commission (SATCC) for further information.

**Admission Requirements**

- Grade 11 (with one of the following mathematics:
  - Foundations of Math 20,
  - Pre-Calculus 20 or Workplace and Apprenticeship Math 20)
  - or Accuplacer Testing
- English Language Requirement

Estevan

Fall 2025 - Spring 2026

36 Weeks

Tuition/Fees: $7443
Materials: $1530

## Electrician Applied Certificate

This course provides the basic knowledge and skills you need for an entry level electrician job. Industry experienced instructors will help you learn how to install, test, replace and repair lighting fixtures, wiring and electrical equipment. You'll get lots of hands-on practice using standard tools of the trade. You'll also learn how to read and interpret construction drawings. Electrician is a skilled trade. Having an applied certificate will get you noticed by employers and put you on the fast track to having a career as an electrician. The more education and experience you get, the higher you can climb on the wage-earning ladder. Graduates of this program may find employment with electrical contractors (both commercial and residential), large manufacturing and mining firms, retail outlets, or wholesale outlets.

**Admission Requirements**

- Grade 11 with Foundations of Mathematics 20 OR Workplace and Apprenticeship Mathematics 20 OR PreCalculus 20 OR GED 12 OR Accuplacer Testing
- English Language Requirement
- Southeast College is not accepting applications for International Students for this program at this time

16 Weeks

Tuition/Fees: $3850
Materials: $945

Estevan - September 2025 - January 2026
Moosomin - Feb 2025 - June 2025 | Feb 2026 - June 2026

## Industrial Mechanic Applied Certificate

This 16-week program gives you a working knowledge of machinery common to most industries and an introduction to preventative maintenance procedures. This program covers all level 1 subjects and is recognized by the Saskatchewan Apprenticeship and Trade Certification Commission (SATCC). Work experience of 2 weeks is part of the program. Industrial mechanics are also known by other trade names (maintenance mechanics, millwrights or machine repairmen).

Graduates may find employment in commercial or industrial operations that use machinery. These include wood, cereal, meat processing and power generating plants, hard rock and potash mines, mills, and refineries.

Trade time and academic credit may be available for graduates who find employment in the trade and register as apprentices. Please contact the Saskatchewan Apprenticeship and Trade Certification Commission for further information.

**Admission Requirements**

- Grade 12 with the following mathematics:
  - Foundations of Math 20
  - OR Workplace and Apprenticeship Math 20
  - OR Pre-Calculus 20
- English Language Requirement
- Southeast College is not accepting applications for International Students for this program at this time

Estevan

Fall 2025 - Spring 2026

36 Weeks

Tuition/Fees: $3727
Materials: $550

Southeast College reserves the right to alter programming at any time. Although we've made every effort to ensure accuracy, the Program Guide may still include errors or omissions.

CENTRE OF SUSTAINABLE INNOVATION

# Our Vision

## Through sustainable innovation, we will be pioneers in shaping the educational and entrepreneurial landscape of this region.

### Sustainability

Sustainability is about making choices that improve efficiencies, implement sustainable practices, and care for our planet, ensuring a better future for all. At its core, sustainability involves meeting our present needs without compromising the ability of future generations to meet their own.

Southeast College is developing strategies and initiatives to integrate sustainability with Indigenous ways of thinking to the benefit of the college community and the region.

At the Centre of Sustainable Innovation, sustainability is integrated into every aspect of our operations and educational programs. We are dedicated to fostering an environment where sustainable practices are the norm, not the exception. Here's how we intend to make a difference:

- Sustainable practices like energy efficiency, waste reduction and resource management.
- Research and development involving innovative solutions and collaborative projects.
- Education and training including curriculum integration and workshops and speakers,
- Community and student engagement involving outreach programs and partnerships.

### Applied Research and Partnerships

At the Centre of Sustainable Innovation, we focus on solving your unique challenges through applied research and strategic partnerships. We invite partnerships with local businesses and organizations on both projects and applied research. We are interested in solving problems through applied research, applying for research grants, and utilizing our students' skills to tackle these projects.

How we can support you:

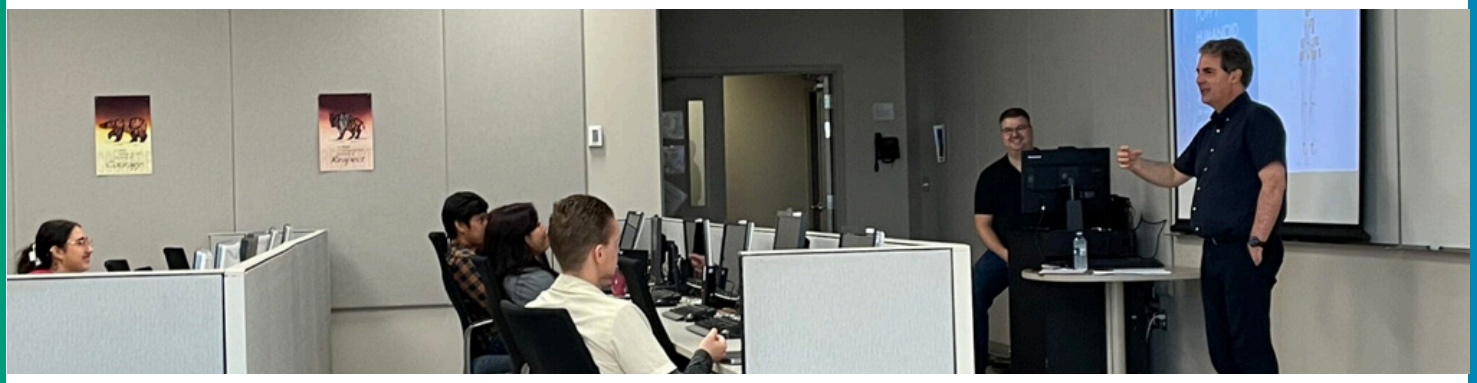

- Customized research solutions
- Leveraging Applied Research Grants
- Collaborative Project Development
- Intellectual Property (IP) Security

## Projects and Training

Our collaborative projects and innovative training programs at the Centre of Sustainable Innovation are designed to enhance your organization's capabilities. By partnering with leading organizations, we offer hands-on learning experiences that equip our students to drive sustainable solutions and technological advancements, directly benefiting the region and our local communities.

### Computer Science Training Through Projects

Our Computer Science Program uses project-based learning to teach students through real-world projects in partnership with local businesses. This approach helps students apply what they learn in class to practical tasks, making their education more relevant and hands-on. Students gain practical experience, build a strong portfolio, and develop the skills they need for their careers.

The program simulates a software company where students take on different roles to complete projects together.

Project-Based Learning works! Students learn real-world skills by completing real projects. They are mentored by a live instructor at the Estevan campus. Students showcase their work on their resume or portfolio. They build connections with local businesses and others who are passionate about software development and technology.

**The course includes:**

- Introductory computer science concepts
- The Software Development Life Cycle (SDLC)
- Structure and development of a real-world computer science project
- Software development collaboration
- Personalized learning plans

**Who's it for?**

- Aspiring tech professionals, high school graduates, working individuals, or career changers.

**Located at Southeast College at our Estevan Campus.** Involves in person training and mentorship.

**$499, with $300 bursary for each student upon program completion.**

**Dates:**
**Winter:** Late January start 2025
**Summer:** May start 2025
**Fall:** Sept start 2025

**Contact the Centre of Sustainable Innovation if interested or for more information:**

## SAFETY AND INDUSTRY TRAINING

Choose from a wide variety of industry-recognized safety training and certification programs designed to help you work safely in a range of professions. Click here to register or call 1-866-999-7372.

Courses include, but are not limited to :

- First Aid
- H2S Alive
- Fall Arrest
- Ground Disturbance
- Rig Rescue

## CONTINUING EDUCATION

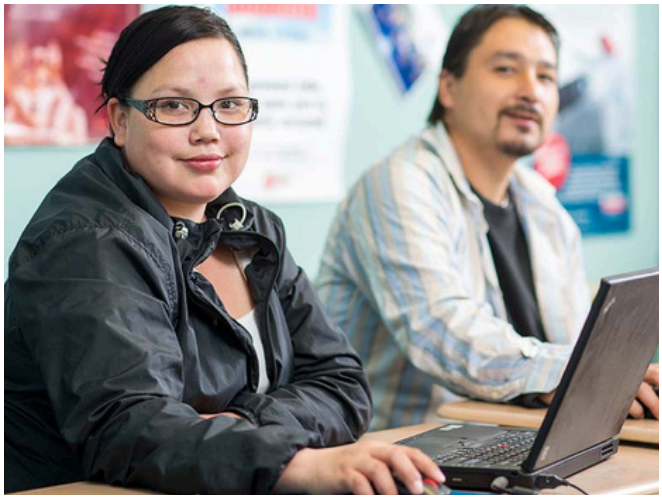

Our Continuing Education programming is available to those wishing to further their skills and abilities. From business and agricultural training, to computer and bookkeeping skills, as well as a host of programs available through our Ed2Go online learning center, Southeast College brings you a wide range of programming to help you enhance your skills and abilities. Click here to register or call 1-866-999-7372.

## ENGLISH LANGUAGE TRAINING

English as an Additional Language (EAL) programming is available in Estevan, Weyburn, Moosomin, Assiniboia, Arcola, Radville, Wawota, White City, and Wolseley. All new students are assessed on speaking, listening, reading, and writing skills to determine whether they would benefit from Beginner, Intermediate, or Advanced classes. To register contact: english@southeastcollege.org or call 306-637-4610.

## ADULT BASIC EDUCATION

Our Adult Education classes are available for individuals who seek to complete their high school education. We offer grade 10 and 12 level classes that allow students to study at a pace that suits their needs and lifestyle. Adult Education classes are also available for students needing to improve high school marks in order to gain entry into other training programs. We also offer General Educational Development (GED) testing, as well as a variety of prep classes. Click here to fill out a application form and a student advisor will be in contact with you.

# HOW TO APPLY

Registering online with Southeast College is a quick and easy way to get into the courses that you are interested in. Simply fill in the required information, follow the prompts to the payment page and voila you are registered! Rest assured, if you have questions or difficulties, our registration staff is willing and able to assist you. Call us at 1-866-999-7372 or 306-848-2850 (local to Weyburn) Monday to Friday from 8 AM to 4 PM and we would be happy to assist you.

You can also book an appointment with one of our Advisors to assist with the application process and provide advising services, you can book an appointment through our website or by calling 1-866-999-7372.
