Saskatchewan Lifestyle

According to the United Nations' Human Development Index, Canada is one of the best countries in the world in which to live due to our strong social safety net and enthusiastic support of education for all. According to the same criteria, Saskatchewan is the best place to reside in Canada based on quality of life. The province is known for its safe and friendly communities, and the cost of living is competitive. You'll find that the natural beauty of the prairies, lakes, and communities contributes to a high quality of life.

Canadian society is built on an open, democratic system of government and a justice system designed to protect the individual and prevent the violence and persecution that is too often seen in other countries. The police and courts are subject to regulations and public scrutiny that guarantee fairness and protection for all residents. The integrity of the RCMP, Canada's national police force, is recognized throughout the world. In fact, the RCMP has been used as a model for police forces around the globe.

Regardless of race, creed or country of origin, Canada's constitution ensures that individual human rights and freedoms are protected. Saskatchewan welcomes immigrants from around the world to come and enjoy the freedom, security and opportunity our province has to offer.

Saskatchewan is a great place to raise children; a place that holds family values in high esteem, a place that offers safe, friendly communities, neighbourhoods and schools.

Urban or rural, our province has a history and tradition that revolves around family life and a strong sense of community. It allows you to find regulated childcare (daycare) providers by location, including those that accept infants (6 weeks-18 months) and group home services.

Culture and Arts

Entertainment, arts, and culture are plentiful in Saskatchewan, from major stage productions and other performing arts to musical jamborees... from art galleries to pioneer museums to rodeos... from craft bazaars to multicultural festivals to pow wows... from rock-and-roll concerts to country music to classical.

We have more museums per capita than anywhere else in Canada, including the Royal Saskatchewan Museum and the world-famous RCMP Heritage Centre, both located in Regina. We also have many smaller community museums, such as the Eastend Fossil Research Station near where "Scotty," one of the world's most complete Tyrannosaurus Rex skeletons, was discovered.

Adapting to Life in Saskatchewan and Canada

Culture shock

- Coming from a country which has a different culture, language and customs can be a disorienting experience. Culture shock can be experienced in a number of ways. For example, after the excitement of the first few weeks, you may find yourself feeling a bit lonely, sad or confused. This is a natural response. With friends and family no longer available, you will have to find new ways of doing things, different ways of communicating with people, and alternate ways of learning in the classroom. This can be a very stressful time. While one student may experience culture shock by being extremely lonely or homesick, another student may experience it through physical symptoms such as headaches, upset stomach, insomnia or an inability to concentrate. Symptoms can range from feeling sad and low to a more severe depression. You may be aware of these feelings in the first few weeks, or the reaction may be delayed.

Dry skin

- Frequent showers plus the dry air in heated apartments during the winter can cause the skin to become extremely dry. A general remedy is to use a moisturizing lotion or baby oil on your skin. When in doubt, seek medical help. Try to increase the humidity in the apartment by buying a humidifier or simply by filling a container with water every few days and placing it in the bedroom. We hope these hints will be helpful as you and your body adjust to a different climate.

\\ LIFE IN SASKATCHEWAN

Fitting in

- Although Canada is billed as a multicultural country, there are social norms that are generally accepted no matter where you are in the country. You can learn more about life in Canada through CIC and the Centre for Intercultural Learning.

Making friends

- Loneliness is one of the most worrisome feelings reported by international students and making new friends is the best remedy for dealing with this problem. Make a special effort to reach out and meet people. Personal and social contacts are vital to your well-being and your adjustment here.
- One of the easiest ways to meet people is by joining clubs or associations, in the classroom or by working on projects together. It's up to you to say, "Hello!" Cross-cultural interactions are extremely rewarding and will definitely enhance your self-esteem and your sense of identity.
- If you experience any adjustment difficulties during your time here, please come and see us. We understand how difficult it can be for some students and we can provide you with a great deal of support. Our services are confidential.

Taxes

\\ MOVING TO SASKATCHEWAN

Income Tax

Students in Canada should submit an income tax return annually to claim a tuition tax credit. The deadline for filing these claims is the end of April. International students working on, or off campus may also need to complete an income tax return.

- International students are permitted and encouraged to complete a federal (Canada) income tax return whether they have worked or not. Employment income, scholarships, bursaries and fellowships are normally subject to income tax.
- Provincial and federal income taxes are deducted from your salary on every pay cheque. Income tax may be refunded depending on your annual income and expenses. Every year you will be required to file an income tax return before the end of April. To assist you in completing the income tax return, Canada Revenue Agency publishes a Students and Income Tax Booklet. International Education will arrange for a workshop on this topic.
- Please review information regarding Federal and Provincial taxes.

Students will receive an email from the ministry with their code to download their T2202 tax form. If you would like to know more about T2202 please review here: 2024 T2202 Information | Southeast College. Southeast College will communicate about T2202 in January-February each year

For more details, you can read about the T2202 tax form or contact the Canada Revenue Agency at toll-free 1-800-959-8281 or visit their website at cra-arc.gc.ca.

Get a Bank Account

You will need the following things to set up a bank account:

- passport
- local address
- student card (prior to getting a student card, show your letter of admission).

One of the first things you should do when you arrive in Saskatoon is to deposit your money in a bank. It is not wise to carry large amounts of money with you or to keep it where you live. There are ten chartered banks in Canada and there are many locally and nationally based credit unions and trust companies that function much the same as banks.

There are two main types of accounts at banks:

1. **Chequing accounts** - which most people use for paying regular bills and for most shopping needs.
2. **Savings accounts** - which allow you to earn interest on money which you do not need to use.

When you visit a bank, ask about accounts that offer lower service fees for students. Be sure to ask for details concerning all the possible service fees that might apply for monthly service, withdrawing and depositing money, using ATMs at other institutions, writing cheques, banking online, using debit cards, etc. These service fees can add up, so make sure you understand how you will be charged.

\\ TRANSPORTATION

Transportation from Airport

The closest international airport to our campuses is located in Regina, Saskatchewan. Once arriving in Regina, transportation will need to be arranged from the airport to the town you plan to reside in, for example, Weyburn, Estevan, or Whitewood. There is not a bus service between the cities.

Driving in Saskatchewan

You will need to have a valid Saskatchewan driver's license to drive in Saskatchewan. The Saskatchewan Immigration website has information on how to arrange for your driver's license.

It is very important that you have spent some time learning about the "rules of the road" in Canada before you start driving. You can learn about this by reading the Saskatchewan Driver's Handbook. For instance, Canada has very strict rules when it comes to drinking, drugs and driving. These rules also do vary from province to province so make yourself aware of the rules of the road before driving in and outside of Saskatchewan.

Click here for more information.

Transportation Around Town

Many of our students choose to carpool together or walk to campus.

Taxi Service's are also available in Estevan and Weyburn. As a regular means of transportation, taxis are very expensive. The price is indicated on meters located up front beside the driver.

Check the section on the town your staying in for taxi services!

\\ HOUSING AND LIVING

Southeast College does not have dormitory residences on campus. Students will need to make private rental arrangements. Some sources of information about rental apartments are listed in the accommodation section under Estevan, Weyburn, and Whitewood, but Southeast College does not intend this as a recommendation or take responsibility of any particular landlord listed.

Understand Rules of Renting in Saskatchewan

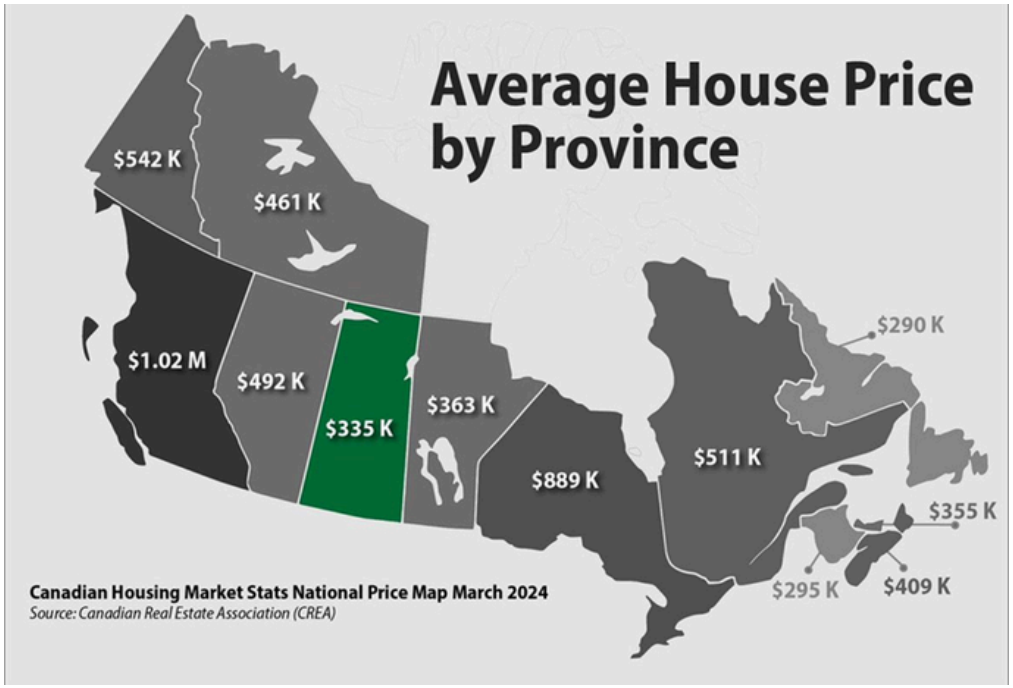

Tenant Insurance when renting a home

Renter's (tenant) insurance protects your belongings and covers personal liability while living in a rental unit in Saskatchewan. It's not legally required, but many landlords require it as part of the lease.

What it covers:

- Personal belongings (e.g., clothes, electronics, furniture) against theft, fire, and water damage
- Liability if someone is injured in your unit or if you accidentally cause damage (e.g., flooding the unit below)
- Temporary living costs if your rental becomes unlivable due to a covered event
- Identity theft

You can get Tenant Insurance through insurance companies like SGI for example.

Notably, housing in Saskatchewan is more affordable and Saskatchewan has a higher homeowner rate compared to other provinces in Canada.

Rental Scams: How to Protect Yourself

Unfortunately, rental scams can occur online and through social media. Before sending any money:

- Never send deposits or rent payments before viewing a property in person or through a live virtual tour.
- Be cautious if the rent seems much lower than similar properties in the area.
- Do not provide sensitive personal information (SIN, banking details, passport copies) until you have verified the landlord and signed a lease agreement.
- Request a written lease agreement and keep copies of all payments and correspondence.
- If something seems suspicious, seek assistance from a Student Advisor or settlement worker before proceeding.
